APRIL - A MONTH OF EXCITEMENT!

As my term as president of IDENTITY comes to a close, I am somewhat overwhelmed at the level of activity that is emerging in the gay & lesbian community. The month of April is definitely one of the busiest on record for our community, and I sincerely hope all of you will take the opportunity to participate in at least one of the activities.

IDENTITY is proud to sponsor LYNN SHEPODD and her trip to Anchorage for our annual meeting on April 13th. Lynn will be in town for 3 days to help IDENTITY and other community organizations plan for our dream of once again having a community center in Anchorage. Lynn's visit also provides you with an opportunity to visit with someone who travels around the country and is exposed to gay & lesbian issues and organizations in many areas. You have a unique chance to visit with a national leader of lesbian & gay programs. Take advantage of the opportunity.

The month of June is rapidly approaching, and it's time for all of us to start thinking and planning for gay pride week. ANY IDEAS??

ENJOY APRIL - ENJOY SPRING - GET INVOLVED!

Steve Rule, President

EDITORIAL

One of the unique things about living in the great state of Alaska is the opportunity we all share to be active participants in many community groups and the political process. People from around the country often express amazement about what a difference one person can make in Alaska as opposed to other states and cities with established power structures. This power to make a difference was really highlighted on Sunday, March 24, at a special ceremony in the atrium of the Anchorage Museum of History & Art when Lucy Frey was inducted into the Alaska Women's Hall of Fame. This was truly a unique event!!!

Lucy Frey and her accomplishments are highlighted elsewhere in this newsletter, but it is very difficult to put in writing the emotions and pride that many in the audience felt as Holly Sample described Lucy's contributions to Women and to Lesbians. Yes, the L word was spoken in front of an entire atrium full of people, and I felt PROUD. Lots of women where there to hear about Lucy & her accomplishments, but surprisingly few men were. You missed a wonderful bit of Alaska history in the making. After Lucy gave her acceptance speech, the audience stood and sang a special song and Libby Roderick dedicated a special song to Lucy. The experience was GREAT!!! Thank You Lucy for touching our lives in such a special way! JIM
The NOSE is really going to be very busy during April going to all of the scheduled events. This could get oh so taxing.

I know we asked what they do up in Fairbanks town for entertainment, but we weren't quite ready for the answer. On the same weekend as the Celebration of Change and The Fabulous Femme Fatals, a group of Fairbanksians are importing a group of male strippers for some special shows. Well now, isn't that exciting??? Maybe it's time for a visit to our sister city to the north.

Speaking of Juneau - April 27 is the date for the annual Femme Fatal show sponsored by the Imperial Duchy of Southeast Alaska. The NOSE hears that 15 or more people will be traveling from Anchorage to assist with the production. In fact, so many people are going to Juneau that everyone performing in the show is being limited to ONE number. Success can be oh so limiting! How many drag shows have you been to where the entertainer only did ONE number??? Oh well, Alaska always enjoys being first at something.

The NOSE does periodically make a mistake (horror of horrors!), like last month when we reported that Darl Schaaff sprained his arm. He actually broke it, which means he has had to temporarily suspend his weekly self defense classes. We now understand that the classes will resume on Saturday, April 13 at the log cabin church at 2:30 PM. Everyone is welcome, even beginners, to attend and learn self defense from a pro. Meanwhile, we are still trying to find out if the women do better than the men in this class. We keep hearing rumors.

Really, guys, where were you on Sunday the 24th of March when Lucy Frey was inducted into the Alaska Women's Hall of Fame? The NOSE counted 3 gay men in the audience and who knows how many lesbians. We thought maybe someone had called a special meeting of the 15% or OPAL or OWLS. It was a GRAND experience...a coming out event that will be hard to duplicate. The NOSE also noted that the "straight press was not present.

The reporters from the TIMES and NEWS must have found other things to do on a warm, sunny day. The NOSE was glad to be at the museum.

The Anchorage Garden Buddies have some problems lately, so the officers decided to make a special for attendance and $$. Over 30 men responded by showing up in the middle of a snowy afternoon at a remote location for the March meeting. Of all things, they voted to collect $10 annual dues in addition to their monthly collections. We hear that the past president of AGB are dismayed! We also hear that several members continue to ask why the AGB exist & why they don't do something constructive. We always thought partying/socializing was constructive! More news later as things develop.

Where do these Anchorage women get so much energy to pack so many events into one month? In April, they will be having two concerts, two dances and one conference that we know of, and that doesn't count their regularly scheduled events. The NOSE is going to investigate this further.

Have you noticed the number of women & men who are already showing up in tank tops at the Blue Moon dance floor? Are we ready for warm weather or what? They do look oh so GOOD!!!

Let's talk timing folks! We hear that the Imperial Court is sponsoring a fur fashion show on April 20. Who wants to think fur in April? Oh well, it's for a good cause and good furs are always in style. See page 7.

FLASH! FLASH! The NOSE has learned that someone mysterious is handing out "I LOVE LUCY" pins in honor of Lucy Frey. Where oh where can we get one of these pins? We'll keep you posted.

Enough is enough!! We're off to be social for April and attempt to find juicy things to write about. SEE YOU OUT & ABOUT???

CHEERIO!!!
LUCILLE FREY

It is with great PRIDE that NorthView salutes someone who really makes a difference in the way we live our lives - Ms Lucille Frey, a recent inductee into the Alaska Women's Hall of Fame. We are taking the liberty to reprint information about Lucy from the induction program.

Lucy Frey was nominated for the Alaska Women's Hall of Fame by the UAA Center for Women and Men in recognition of her work in the educational system and in the community to improve the status of women in Alaska.

Lucy was born on August 1, 1932 in Texas County, Missouri. She moved to Alaska in 1957. She holds a B.S. in Education, M.A. in English, M.A.T. in History, and Ph.D. in Women's Studies. Lucy describes herself as an "Ozark Mountain Hillbilly," but most people know her as a teacher. She has taught both in the Anchorage School District & at the University of Alaska Anch. She has written textbooks, developed curriculum materials, and consulted to school districts around the state.

Lucy Frey has a long history of activism in the women's movement. She supported and encouraged two young high school women to file the first sex discrimination complaint against the Anchorage School District. They sued for and won the right to compete in the pole vault in high school.

Lucy was a member of the first ad hoc citizen's advisory committee on sex equity issues to the Anchorage School Board. More recently, she has worked closely with UAA faculty to strengthen the new Women Studies minor program.

Her activities in the community have ranged from organizing a women's commercial fishing cooperative in Bristol Bay to activism for the homeless to advocating for federal legislation which allows Amerasian children who were fathered by U.S. servicemen to be educated in the United States and become citizens.

When asked what message she would like to share with other women, she said, "The hardest thing in life is identifying what you want out of it. Once you decide what you want, doing it is easier. For women, it's especially hard because our imaginations have been footbound, put in jars; we don't think big enough. We could change the world, but we've been socialized to think small, so we keep our lives small, and we keep the world small."

Lucy is well known for the financial support she has provided for the causes she believes in. She helped provide financing for the start up of the Alaska Women's Bookstore and also helped form a partnership that helped in the establishment of the Women's Building. Lucy frequently makes her personal home available for monthly sing-a-longs, meetings and a place to stay for visitors to Alaska. Her home is also frequently available to homeless women. Lucy is a founding member of OWLS (Older & Wiser Lesbians). Lucy's financial commitments to her community are highlighted in a special song written for her by Libby Roderick titled "Put Your Money Where Your Mough Is." A key phrase in the song says "Where your money and your mouth go, then your heart goes too".

Lucy is proud to be a Lesbian, and she's definitely not afraid to say so. Her induction into the Alaska Women's Hall of Fame was a proud moment for Lucy, a proud moment for the women of Alaska, and a proud moment for the gay and lesbian community. THANK YOU, Lucy, for being a part of our community!!!

METAMORPHOSIS
I met myself today
And was astonished to discover
How much I had grown.

No more the struggling child
In larva stage, nor youthful
Pupa in cocoon.

Today a winged adult
Flies free of earth's restraints
And touches heaven.

NEW

An interesting word, NEW, especially in our culture and society. I remember once in an old Elizabeth Taylor movie, "Elephant Walk," the leading man was showing Liz around his mansion that was located in the middle of his large rubber plantation. As he lead her around the many rooms, describing the furnishings, he kept talking about their cost and the difficulty there had been in their acquisition and delivery to this remote part of the South American jungle. He finished his tour by saying to her "and all this is brand NEW, it has never been used before."

If anyone out there reading these words has not seen this movie, the importance of the quote might not seem to mean much. It was, in fact, one of the most telling lines in the film. The leading man was taking shots at Liz's past. She played a divorced woman in the movie.

"Therefore if anyone is in Christ, that one is a NEW creation; the old has passed away, behold, the NEW has come. All this is from God, who through Christ reconciled us to God and gave us the ministry of reconciliation; that is God was in Christ reconciling the world to God, not counting their trespasses against them..." 2 Corinthians 5:17-19.

This quote from Scripture has been thrown at our community in the same spirit as the lines quoted from "Elephant Walk." I am here to tell you that God Loves us!

Love is an interesting thing. Because where love dwells there is no room for hate, and where hate dwells there is no room for Love. The NEW referred to in the passage from Corinthians speaks to the "seeing with NEW Eyes, hearing with NEW Ears, listening with a NEW Heart," and it is part and parcel of the NEW equipment we receive when we become the NEW creation referred to in the Scripture quoted above. It is intended, by our Father/Mother God that we should bring these NEW tools into our "New Existence" and from that day forward, in our dealings and interactions with our sisters and brothers, and most of all ourselves, be the "NEW CREATION" and practice only love and compassion.

We do not cease having Red, Brown, Gray, Black, Blond, etc., hair. We do not cease to have Blue, Gray, Brown, Green, etc., eyes. In fact we do not cease being anything that God Almighty created us to be, and that means for heterosexual brothers and sisters, that they remain heterosexual and for my homosexual sisters and brothers that they remain gay and lesbian persons. I am not going to argue with the fact that some of you, my family, believe that you are sick, sinful, and dirty. I know some of you feel this way and believe me you are of much concern in my prayer time. I can really understand the words of Paul when he said, "For once was, I, like some of you," and I know what kind of pain and sorrow that causes. I know what kind of anger that breeds. And from the pain, sorrow, and anger came for me, and I suspect some of you, a sickness of soul that was terribly self-destructive. It doesn't have to be that way. We have believed a LIE and made decisions affecting ourselves, our lives, and others based on what other people think we should be, not God--other people.

For myself, Metropolitan Community Church, was and is "The light shining in the darkness." Rather M.C.C. is the lamp while Jesus is the Light. Jesus spoke continually of Love and acceptance, while the change Jesus encouraged was and is a liberating and freeing change.

The invitation is extended to anyone reading these words to come and see for themselves this work, this loving outreach by our Father/Mother God, to God's Gay and Lesbian children. We at M.C.C. of the Living God believe the words of Jesus when he said "I am the bread of life, the one who comes to me shall not hunger, and the one who believes in me shall never thirst. All that the Creator gives me will come to me; and the one who comes to me I will not cast out." JN.6:35.

We have believed so much of what others have said about the very basics of our being, isn't it about time that you find out for yourselves just what is TRUTH?? This church stands ready, willing, and able to help. Sunday service is at 2:30 PM at 602 West 10th Ave. Phone #338-6749.

Won't you make this the NEW Year's resolution that you keep??

In Jesus' perfect and pleasing Love - Your Brother - Jim Morgan, Pastor.
MOST COUPLES POOL INCOMES

SEATTLE—Financial interdependence was widely observed among the 1,266 gay & lesbian couples surveyed by PARTNERS NEWSLETTER FOR GAY & LESBIAN COUPLES. Fully 82% of the male couples & 75% of the female couples shared all or part of their incomes. In addition, the longer couples had been together, the more likely they were to share income.

The statistics were released in the May/June issue of PARTNERS. The publishers, who developed the survey, collected responses in 1988 and 1989.

"In their management of household income, same-sex couples appear to share a primary characteristic with married heterosexual couples," said Demian, Ed.D., who edits and publishes the bimonthly newsletter with his 10-year-partner Stevie Bryant. "These survey results provide yet another reason to ask why the law typically treats same-sex couples differently than heterosexual couples."

In the PARTNERS study, some of the individuals surveyed were able to share job benefits with their partners. Health insurance coverage for partners was available to 4% of women and 6% of men.

SURVEY SIGNALS SEXUAL SATISFACTION

SEATTLE—In the same survey of 1,266 lesbian and gay couples on income pooling, PARTNERS learned that male couples may have more sex than lesbian couples, but lesbian couples appear to enjoy it more.

Male couples had sex 10 times per month on average, while lesbians averaged 7 times. Most active were couples together one year or less, who had sex about twice as often.

"A wide majority of both men and women rated their sexual interaction good or excellent," said Demian, Ed.D., who edits the bimonthly newsletter with his partner Stevie Bryant. "Lesbian couples were even more enthusiastic, with the majority rating it excellent."

Sex was rated most highly by couples who were more committed and those who rated overall relationship quality more highly. In contrast, older respondents and those caring for children rated sexual interaction lower.

The lesbian couples had been together an average of 4.9 years; the male couples averaged 6.9 years together.

A free summary of results from the national survey may be obtained by sending a SASE to PARTNERS, Box 9685, Seattle, WA 98109.
